

The Path to Flight MH370 – Recommended Search Area Of Interest(AOI) in the Maldives 17 Mar 2023

Hi Paul, here's a graphic of the Maldives Veymandoo Channel Area Of Interest (Aoi). Collective research indicates Malaysia Airlines Flight MH370 ditched and ended its flight somewhere in this channel close to one of the atoll coastlines – The main fuselage wreckage of MH370 should be resting either somewhere along and down the outer reef wall of the Southern Thaa Atoll coastline(most likely) in Zones 1 & 2, or along the Northern Laamu Atoll coastline in Zone 3.

I'd recommend we search Aoi – Zone 1 first, then Zone 2 and leave Zone 3 for last.

Have also attached the *.KMZ files for Zones 1, 2 & 3, respectively as you requested so that you can craft the finer details around the search strategy for the vessel, how long it would take and costing etc.. Talk soon, cheers Sergio

SEARCH AREA SUMMARY INFORMATION

Aol	Search Zone Location REF & KMZ filename	Search Area Size (km²)
ZONE 1	Along Thaa Atoll Southern Coastline – SW to Mid. <i>MH370-Veymandoo-Channel-Aol-Zone1.kmz</i>	126
ZONE 2	Along Thaa Atoll Southern Coastline – mid to NE. <i>MH370-Veymandoo-Channel-Aol-Zone2.kmz</i>	77
<i>Sub-Total</i>	<i>Zone1 + Zone2 search areas</i>	203
ZONE 3	Along Laamu Atoll Northern Coastline – SW to NE. <i>MH370-Veymandoo-Channel-Aol-Zone3.kmz</i>	450
<i>Total Area</i>	<i>Zone1 + Zone2 + Zone 3 search areas</i>	653
